FUNCTIONS OF THE STATE LIBRARY COMMISSION

Section 181.021

R.S. Mo. 1955 Suppl.

The COMMISSION shall:

1. Direct the survey of services given by libraries which may be established or assisted under any law for state grants - in - aid to libraries;
2. Further the coordination of library services furnished by the state with those of local libraries and other educational agencies;
3. Publish an annual report showing conditions and progress of public library service in Missouri;
4. Furnish information and counsel as to the best means of establishing and maintaining libraries, the selection of books, cataloging, and other details of library management; provide assistance in organizing libraries or improving service given by them and assist library services in state institutions;
5. Receive and administer grants from the United States under any act of congress for public libraries, or other types of library service, and make rules and regulations in connection with such grants as may be necessary or required on the administration thereof;
6. Receive gifts of money, books or other property which may be used or held in trust for the purposes given;
7. Administer state grants-in-aid and encourage local support for the betterment of local library service and generally promote an effective state-wide public library system;
8. Purchase library materials and circulate the material by all means necessary, including the use of bookmobiles, within the state among individuals, communities, libraries, schools, charitable and state institutions, state departments and other organizations approved by the state library commission.

HISTORICAL SKETCH OF MISSOURI STATE LIBRARY

The Missouri Library Commission, the forerunner of the present Missouri State Library, was organized in 1907 "to give advice to all schools, free and other public libraries, and to all communities which may propose to establish them," to circulate traveling libraries within the state, and to have charge of the library of the General Assembly.

By provision of a Legislative Act of the Sixty-Third General Assembly in 1946, the name, Missouri Library Commission, was changed to Missouri State Library. With the change in name also came a redefinition of the functions of the agency and the State Library was charged with the responsibility of setting up services in four major fields of library activity, public libraries and adult education, school library service, institutional library service and document service.

The Eighty-Fourth General Assembly passed an act in 1955 that changed the legal structure of the State Library. This law changed the State Library Advisory Board into the State Library Commission. It raised the number of governor appointees from two to four and allowed payment of a per diem to each appointed Commissioner. It dropped the president of the State Board of Education from membership on the Commission, but retained the Commissioner of Education and the Librarian for the State University. The new law provided for the Commission's appointment of the State Librarian rather than by the State Board of Education. Finally, the new law specifically fixed the responsibility for operating the State Library upon the newly created Commission.

OBJECTIVES AND POLICIES FOR THE MISSOURI STATE LIBRARY

The State Library has two primary service functions:

- A. To serve as a general library for the official state government and for individuals and groups who are yet unserved by local libraries.
- B. To promote the growth and improvement of library service in Missouri communities.

All activities of the State Library should be justified in the light of these two general functions.

General Library Service

In serving the various offices and agencies of the State government, the State Library service purposes must be coordinated with those of other state-operated libraries, i. e., Supreme Court Library, State Historical Society and the Legislative Research Bureau. Functions and persons not served by these other agencies are considered to be the proper province for service from the State Library. However, the State Library shall furnish only a general reference and non-recreational loan service to state-employed people, and will not attempt to provide exhaustive research facilities.

Pending development of state-wide local library service, the State Library shall provide a direct general reference and loan service to local individuals and groups who do not have access to a local library.

Policies, rules and regulations governing all direct services from the State Library shall be so constructed as to promote the development of locally-supported library facilities. The State Library shall not promote its direct services to the detriment of local library service development. On the other hand, the State Library will always aim to be, within these imposed limitations, a modern and adequate library for those entitled to its services.

Direct library service currently rendered by the State Library should and will be transferred to local responsibility as rapidly as local service is permanently established. The State Library will make no effort to serve the needs for adequate local library service.

Promoting Library Service Growth and Improvement

The State Library has the responsibility of fostering the growth over the entire state of locally-autonomous tax-supported library service. At the same time, the State Library must be accountable for a degree of adequacy in the service which it promotes. National library authorities and a Missouri library planning group have defined adequate library service that is desirable and within the reach of Missourians. The State Library shall promote the implementation of these plans and standards until such time as they are revised.

Where local service cannot meet recommended standards of adequacy after taking full advantage of legal opportunities for improvement, it must be given financial assistance from the State. Such financial assistance should be rendered in proportion to the effort expended in self-improvement.

In promoting the growth of new library service where it does not exist, the State Library will henceforth be committed to a program of using its bookmobile service to demonstrate to local communities a sample kind of service possible for them on a permanent, local basis.

To purposefully promote the transfer of direct service from the State Library to local communities, the demonstration bookmobile service will be coordinated with a strong promotion campaign during and immediately following each demonstration. Demonstrations will be conducted in those areas which can provide self-sustaining service judged to be adequate in the terms outlined in Improving Public Library Service in Missouri.

Improvement of local library service is one of the essential functions of the State Library. Until local library service reaches adequacy, the State Library has heavy obligations for providing it with supplementary materials and services.

Another and more permanently beneficial method of stimulating local library improvement is through promoting the enlargement of existing library districts which fail to meet the standards mentioned above. This method offers the State Library the best opportunity to assist and guide local libraries in their efforts to reach maximum effectiveness. Under present conditions, the State Library will encourage those municipal, county or regional libraries to make themselves a part of larger, more economically-sufficient units of service through contractual affiliation or legal merger.

The State Library objective with the longest range will be state-wide integration of all library services to bring about a closely-knit and complete system of library service to all Missouri citizens. All its work with all local library service agencies will bear the imprint of this objective. This goal can be most quickly approached by promoting parallel growth in all kinds of libraries in Missouri: school, public, collegiate and special, that will tend to effect complete coordination in the accessibility of each library's resources.

STATE AID TO PUBLIC LIBRARIES IN MISSOURI

State Aid to public libraries of Missouri is intended to supplement the local incomes of libraries so that a closer approach to at least a minimum quality of library service can be given by each local library.

The first fifty per cent of the State Aid monies is allocated on a per capita basis to all tax-supported libraries which have a one mill library tax. The second portion of the grant, forty per cent, is used to equalize the income of those county and regional libraries which have a one mill tax, but receive less than \$1.00 per capita in library tax income. The remaining portion of the grant, ten per cent, is used to encourage the development of library service through establishment grants to newly formed county and regional library units.

MISSOURI STATE LIBRARY COMMISSION

RULES AND REGULATIONS
FOR
STATE AID TO PUBLIC LIBRARIES

1. All public libraries organized under the laws of Missouri shall have on file in the State Library an official Statement of Establishment which shall be notarized. (Section 181.060)
2. All public libraries organized and maintained under the laws of Missouri shall present each year to the State Library, on or before July 1, a certified statement concerning the library's annual income. (Section 181.060)
3. All public libraries organized and maintained under the laws of Missouri shall submit each year to the State Library, on or before July 1, an annual report of operations. (Sections 182.060 & 182.210)
4. All public libraries organized and maintained under the laws of Missouri shall submit each year to the State Library, on July 1, a list of members of the Board of Trustees, showing termination date of appointed term, showing officers elected, and containing a certificate thereon to the effect that no member has received, or is receiving compensation as such, and, that no person is employed by the Board of Library Trustees, or by the Librarian, who is related within the third degree by blood or marriage, to any trustee of the Board; and in the case for city libraries, that no member of the city government is a member of the Board. (Sections 182.050 and 182.179)
5. All public libraries organized and maintained under the laws of Missouri shall submit a copy of every contract into which they have entered for library service with another political subdivision to the State Library within one month following the contract's effective date. (Section 182.080)
6. All librarians of county libraries organized and maintained under the laws of Missouri shall submit evidence of attendance at State Library meetings and district library institutes sponsored by the State Library. (Section 182.110)
7. All public libraries organized and maintained under the laws of Missouri shall submit to the State Library evidence that a qualified librarian has been appointed to act as chief executive and administrative officer for the library. (Section 182.060)

FORMULA FOR STATE AID

(50% of total monies)

LAW: Funds allocated on an equal per capita rate in proportion to population by last census.

FORMULA:

1. Total monies available divided by total population served
equals
amount of money available for allocation per capita.
2. Population of library district served
multiplied by
amount of money available for allocation per capita
equals
total amount of monies allocated to library district for
STATE AID.

FORMULA FOR EQUALIZATION GRANTS

(40% of total monies)

LAW: Population basis to county or regional libraries in which a one-mill or more tax does not yield a dollar per capita.

FORMULA:

1. For each county: amount of income from tax rate divided by
population of area served
equals
per capita tax income.
2. For each county:: one dollar minus per capita tax income
equals
per capita difference needed from State Aid.
3. For each county: per capita difference needed from State Aid
multiplied by
population of area served
equals
total amount of State Aid monies needed to provide one dollar
per capita for each county.
4. Totaled for all counties
equals
total amount of State Aid needed to reach a common base of
one dollar per capita for all counties.
5. Total amount of money available for allocation for EQUALI-
ZATION GRANTS divided by total State Aid needed to reach a
common base of one dollar per capita for all counties
equals
percentage of total State Aid needed and which is available.

6. For each county: total amount of State Aid monies needed to provide one dollar per capita for each county multiplied by percentage of total State Aid needed and which is available equals total amount of State Aid monies available to each county for EQUALIZATION GRANTS.

Unused balance of monies to be added to funds available on per capita basis to all eligible libraries.

FORMULA FOR ESTABLISHMENT GRANTS

(10% of total monies)

LAW: Population basis to newly established county or regional libraries.

FORMULA: For one year only.

1. 20¢ per capita to a county which votes a legal (1 mill) library tax.
2. 35¢ per capita to a county or counties which agree to create a regional library. (This may be in addition to the benefits in #1 above.)
3. 35¢ per capita to a county or counties which join an established regional library.

Unused balance of monies to be added to funds for an equal per capita distribution to all eligible libraries.

FEDERAL PROGRAM FOR RURAL LIBRARY SERVICE

Congress passed the Library Services Act in 1956 under which Missouri began to participate late in fiscal year 1957. This Act is designed to "Promote the further extension by the several States of public library services to rural areas without such services or with inadequate services." The Act has been extended five more years to 1966.

Missouri has 47 counties with 693,494 population that have no public library service and where these federal funds will be used to encourage the establishment of adequate libraries. In addition, these federal funds can be used in areas of rural Missouri where inadequate library service exists. Over one and three-quarters million Missourians live where this kind of service is given. Rural libraries classified as inadequate may participate in projects financed with federal funds.

During fiscal year 1961 the federal funds were spent for the following projects:

- (1) Augment the State Library staff, equipment, and circulating resources necessary for the accelerated program of increased and improved library service; purchase of publicity pieces;
- (2) Augment the staff, equipment, and circulating resources of the two regional bookmobile demonstrations conducted by the State Library; plus augmentation of staff and books of local libraries participating in the demonstrations;
- (3) To finance the completion of a public library service demonstration to Ste. Geneveive county by Ozark Regional Library;
- (4) To subsidize five scholarships for library school students;
- (5) To finance a three-level program of in-service training for practicing librarians and five regional Governor's Conferences for Public Library Trustees;
- (6) A financial grant to two municipal (Monett and Fulton) and one regional (Town and Country) for entering "systems of library service";
- (7) To finance the establishment of the Regional Bibliographic Center in Springfield for libraries in southwest Missouri;
- (8) To finance a survey of Personnel Utilization and Management Methods in the State Library;
- (9) To finance a contract with the University of Missouri for research into the publicity values in Missouri public library service;
- (10) To finance the beginning of a statewide survey of public library service and to produce operational standards.

SERVICES AND DEPARTMENTS

Advisory Services

The public library consultants are the representatives of the State Library who deal directly with the librarians, library boards, civic and educational leaders of the state in the consideration of their library problems. These extension librarians assist in organizing new libraries, in planning new library buildings and in renovating old quarters, in weeding obsolete books, planning library service programs, conducting workshops and preparing suggested buying guides. They are always at the service of any individual or group interested in organizing or improving library service.

Three publications are issued regularly by the State Library. Show-Me Libraries is a monthly news bulletin sent to all Missouri librarians and library trustees. The Annual Report of the State Library contains a statistical summary about all kinds of libraries in the state. The Checklist of Official Missouri Publications, issued every two years, lists all the publications issued by the state government.

Reference and Circulation

The State Library serves as a public library for approximately 16% of the residents of the state, who live in areas where local public libraries do not yet exist. Direct service is provided by parcel post, freight and express trucks to individuals in schools, clubs and communities without libraries. Regional, county and municipal libraries supplement their book collections either by direct loans from the State Library or through an inter-library loan system in which the State Library acts as a clearing house in supplying all missing bibliographic data. Answers to reference questions are provided either by mail or telephone.

Besides books and magazines, the State Library has made available an increasing number of non-book materials. Mounted reproductions of famous art masterpieces and pictures of sculpture are lent to all those who are interested in developing their appreciation of the aesthetic. Phonograph records with the best in classical and semi-classical music on long-playing records are circulated on the same basis as books. Literature and foreign languages are also available on records. Projected books are sent to immobilized bed patients, and documentary filmstrips are furnished to clubs and schools. A limited collection of sculpture reproductions was added this year. In the coming years these services will be further expanded to provide for the cultural development and enjoyment of Missouri's citizens.

State Library Bookmobile Service

During the last year, the State Library's two bookmobiles have been used to give a demonstration of regional library service to nine Missouri counties which do not have county-wide library service. The demonstrations were conducted this year in two regions. The Northeast Missouri Region was composed of Schuyler, Scotland, Clark, Knox and Lewis counties. The Northwest Region was made up of Andrew, Buchanan, Clinton and DeKalb counties. Full collaboration with St. Joseph Public Library in this demonstration has been in effect since the beginning of this demonstration. On April 4, 1961, Andrew and Buchanan counties established permanent county library service and passed a one mill tax for annual support, then contracted to form the Rolling Hills Regional Library as equal partners. Lewis and Schuyler counties on April 4, 1961, and Knox county on June 27, 1961, established permanent county library service and passed a one mill tax for annual support. These three counties then contracted with Clark county to form a regional library system. The bookmobiles made regular stops at all of the schools and other public meeting places in the regions, distributing books, pamphlets, phonograph records, mounted pictures, viewmaster reels and educational motion pictures.

Since 1947 the State Library bookmobiles have given a demonstration of library service to 58 counties. Several counties have since established their own library service, offering local residents the same facilities that were demonstrated by the State Library for the dissemination of education, information and recreational materials.

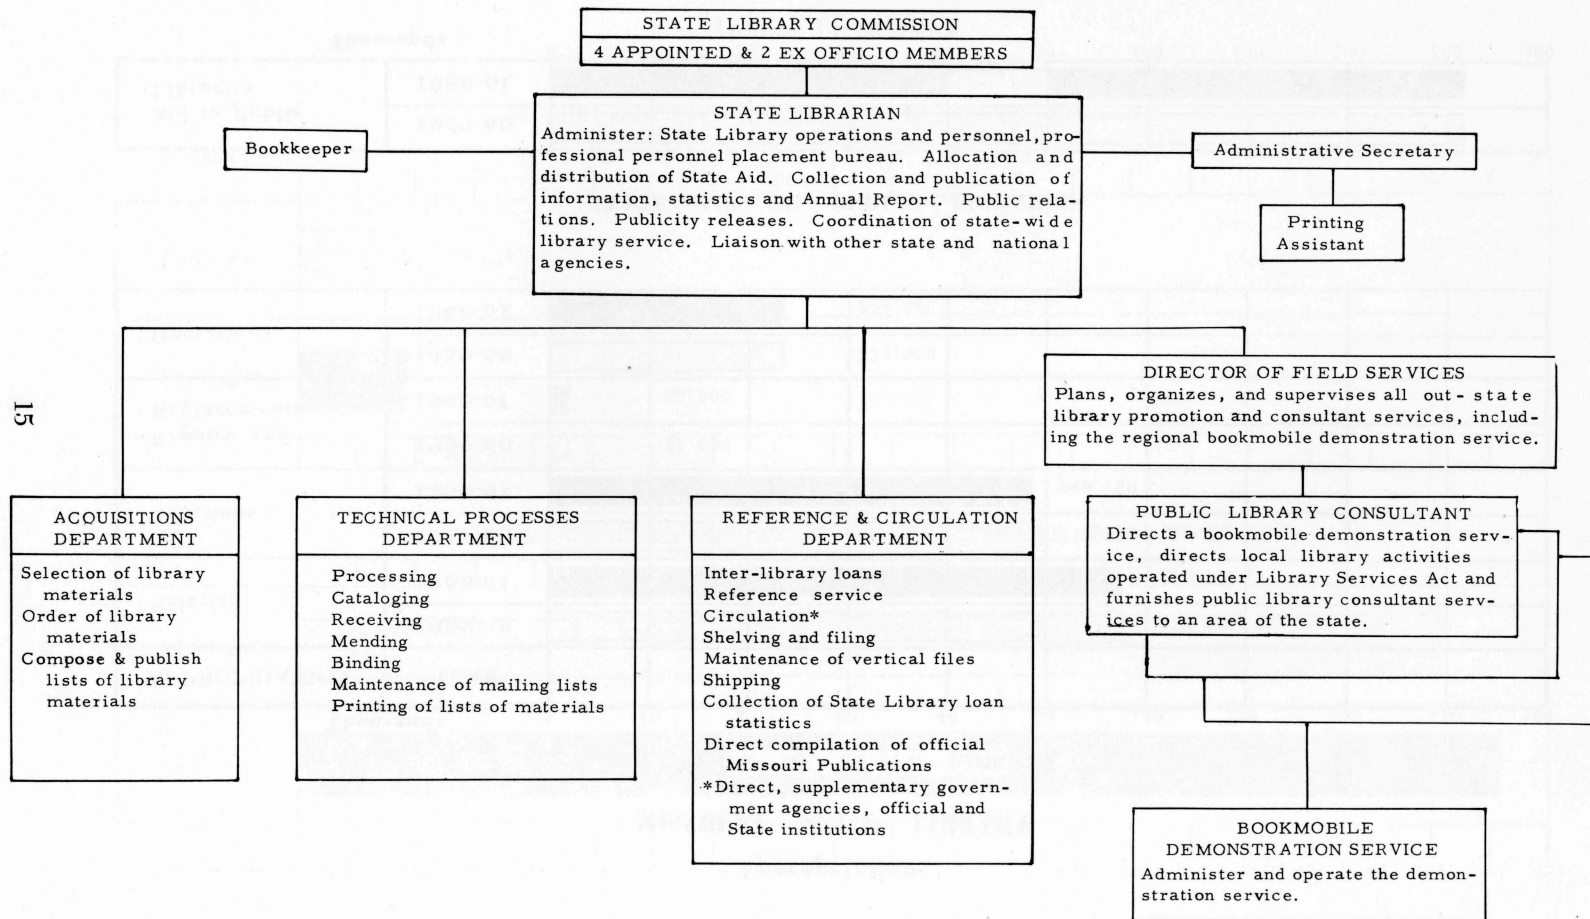

Specific Services to Local Libraries Available from State Library upon Request

(Librarians or Boards of Trustees may ask for these free services)

- Loans of book collections
- Inter-library book loans
- Special reference service
- 16mm film loans on library service subjects
- Filmstrip loans (Library service and other subjects)
- Projected book titles
- Phonograph recordings (only 33 1/3 r.p.m.)
- Foreign language phonograph recordings
- Small-scale mounted art reproductions
- Mounted art reproductions (full scale size)
- Sculpture reproductions
- Professional librarians placement bureau
- Reading lists on various subjects
- Manual on library procedures and techniques
- Professional library literature
- Embosograp signs (various color combinations at cost of materials only)
- Checklist of Official Missouri Publications
- Traveling children's book exhibits
- Electrical and mechanical exhibit advertising public library service
- Personal assistance with local library problems
- Library Laws of Missouri
- Local library surveys
